POTENTIAL PROJECT WORKSHEET *

digizens **City Tech Solutions Challenge 2020**

Date and place created: _____

PROPOSED PROJECT CONCEPT for CITY TECH SOLUTIONS CHALLENGE		
Title:	**Brief Description:** Write 2-3 sentences/bullets to describe the overall project concept.	**Challenges:** Identify the anticipated challenges.
PROJECT APPROACH		
Major Requirements: Describe a possible approach to developing the project, including 4-6 major steps or actions that are required.	**Performance Targets/ Key Performance Indicators (KPIs):** Identify 2-3 (quantitative) performance targets/definitive KPIs that your project concept seeks to achieve. The KPI must be tangible to the residents/citizens (e.g. Traffic jam reduction by 20%, Air pollution reduction by 25%, Energy reduction by 30%, reduction of the ambulance travel time by 30%.) **Measurement Methods:** Describe the methods to measure the performance/KPI impact to assess the benefits to the residents/citizens.	**Standards/Interoperability:** Describe how the project could employ interoperable and standards-based concepts. **Replicability, Scalability, and Sustainability:** Describe how the project could ensure replicability, scalability, and sustainability of the operation.
PROJECT IMPACTS	**DEMONSTRATION/DEPLOYMENT**	**PARTICIPANTS/ROLES**
Impacts: Describe the anticipated economic benefits (new products, jobs, economic growth, exports, contributions to the tax base, etc.) as well as impacts on energy, health, safety, environment, or other quality of life aspects. **Status of Commitment:** Please note current project status (circle one): ♦Launched ♦Ready for Public Announcement ♦In Deliberations / Negotiations ♦Concept only Stage / No partners yet	**Demonstration/Deployment Phases:** Describe what proposed project pilot/ demonstration (Phase I) and deployment (Phase II) will look like. **Phase I Pilot/Demonstration August 2020:** **Phase II Deployment February 2021:**	**The Name and Email of the Team Lead:** **Local/Municipal Governments (The more cities participate in a team and replicate the solution, the better):** ****The Name(s) and Email(s) of the Local/Municipal Government team members (This information will not be made public but necessary):** **Partners**:

- **Proposed Project Main Focus: Agriculture, Public Security & Safety, Public Transportation & Traffic Management, Health IT, EdTech, Green/Renewal Energy, Environmental Protection & Control**
- **Key dates to remember: Registration opening and closing dates (November 25, 2019 - Feb 7, 2020) - TechVenture Training (Feb 14, 2020) - CTSC kick-off event (Feb 28, 2020) - City Innovation Expo & Awards (August 24-25, 2020)**
- **Completed forms should be forwarded to frontoffice@digizens.ng or please call: 09060008771**
